year, the tree lighting ceremony is the highlight of the start of the festive season. But this year, we have incorporated something extra. Our Executive Chef, Chef Suradi and his dedicated team have decided to go the extra mile by preparing the largest yule log cake for this season.

With Sabah's 100-million-year-old rainforest as the inspiration, the log cake is decorated with cream marble icing accompanied by chocolate-carved Orang Utan and Sun Bear - and took 20 people to complete in time for the tree lighting ceremony. It measures a staggering 6-foot long by 3-feet wide, and weighing about 140 kg, this yule log is definitely a sight to behold.

After the event, the whole cake, slice by slice were given to guests to savour. Besides this, guests were invited to enjoy December lineup of treats that celebrate the classic flavors of the holiday season. Being serenaded by the Nexus Choir definitely created the ambience of festivity.
