

Well-trained lifeguards at Nexus Resort & Spa Karambunai making sure Wibit is safe for everyone

Open Water Lifeguard Training – One Step Closer To Launch Wibit

Nexus Resort & Spa Karambunai offered open water lifeguard training at their soon-to-open Wibit Water Park. This comprehensive training program is designed to ensure the safety and well-being of both staff and guests at the park. With a focus on prevention, emergency response, and effective communication, this training equips lifeguards with the skills and knowledge necessary to handle any situation that may arise in the open water environment. It also covers a wide range of topics, including water rescue techniques, first aid and CPR, and effective communication strategies.

During the training program, lifeguards learnt how to identify potential hazards in the open water environment and how to prevent accidents from occurring. They also received hands-on training in water rescue techniques, including how to safely approach and assist a distressed swimmer. In addition, lifeguards had learnt most basic skills, ensuring they are prepared to respond to any medical emergencies that may arise.

At Nexus Resort, the safety and well-being of guests is treated as top priority. By providing this open water lifeguard training for lifeguards at Wibit Water Park, the resort ensures that the program sets the standard for safety in the open water environment.
